

## CLAIM LISTING

This claim listing replaces any and all previous claim listings.

1-18 (cancelled)

19. (Currently amended) A recombinant fusion protein consisting of ~~comprising at least~~ (a) scFv-part of an antibody, (b) a linker; and (~~bc~~) a cell penetrating transport peptide, wherein the protein is expressed from an expression vector cloned into a host cell.

20. (Currently amended) A recombinant fusion protein consisting of ~~comprising at least~~ (a) a scFv-part of an antibody recognising an intracellular GLI-protein, chosen from GLI-1 and GLI-3, (b) a linker; and (~~bc~~) a cell penetrating transport peptide, and wherein the protein is expressed from an expression vector cloned into a host cell.

21. (Currently amended) The A-recombinant fusion protein according to claim ~~19~~20-, wherein the cell-penetrating transport peptide consists of ~~comprises at least a part~~ of Transportan, Transportan 10 or Arg 9.

22. (Previously amended) The recombinant fusion protein according to any one of claims 19 or 21, wherein the scFV-part is obtained from the human genome.

23. (Currently amended) The recombinant fusion protein according to claim 19, wherein said protein is allowed to enter into a human cells *in vitro* and inactivate an intracellular target of the scFv-part. ~~medical use.~~

24-25 (Cancelled)

26. (Cancelled )

27. (Withdrawn) Method for obtaining a fusion protein as defined in claim 19, wherein the method comprises the steps of expressing the fusion protein and purifying the obtained fusion protein.

28. (Withdrawn) Method for treatment of a disease or health disorder in humans or animals, comprising administering a pharmaceutically acceptable dose of the fusion protein as defined in claim 19 to humans or animals.

29. (Withdrawn) The method according to claim 28, wherein the disease or health disorder is cancer.

30. (Withdrawn) The method according of claim 29, wherein the cancer is skin cancer.

31. (Currently amended) The recombinant fusion protein according to claim 19, wherein the cell penetrating transport peptide comprises ~~at least~~ a part of Transportan.

32. (Currently amended) The recombinant fusion protein according of claim 19, wherein the cell-penetrating transport peptide comprises ~~at least~~ a part of Transportan 10.

33. (Currently amended) The recombinant fusion protein according to claim 19, wherein the cell-penetrating transport peptide comprises ~~at least~~ a part of Arg 9.
